

Michał Łotoszyński

A graduate of the Faculty of Management and Marketing at the University of Lodz.

He completed and passed the MBA (Master of Business Administration) exam at the Gdańsk Foundation for Management Education and at the Rotterdam School of Management, Erasmus University. He holds PRINCE II, Project Management and CRM, Management 2004 certificates - Harvard Business School Publishing, Canadian International Management Institute and completed a course for candidates for members of supervisory boards and management boards of State Treasury companies.

He has 25 years of experience in finance and management, in particular in financial management, building new products as well as creating company strategies, implementing IT projects and restructuring, repairing and taking over business entities.

Professionally he was associated with, among others, with the banking sector. He worked at PKO Bank Polski, Towarzystwo Emerytalne PKO S.A. and BOŚ Investment Mgt. At the Pension Company, he co-created an IT system for asset valuation according to the Embedded Value model and amortization of acquisition costs in time.

He managed a passenger car and delivery car rental company - 99RENT Sp. z o. o., where, in addition to development, a system for managing short and medium-term rentals was built. Then, after taking over the Enterprise/National/Alamo franchise, he rebuilt the company's position on the Polish market.

He served as Member of the Management Board for finance at PZU Tower (real estate management of the PZU group), Arcus S.A. and Arcus IT Systems. While working for Ciech S.A. he was responsible for restructuring, building the group's strategy, IPO project and company acquisitions from the EU chemical industry.

He served on the supervisory boards of business entities: Zakład Urządzeń Przemysłowych Nysa S.A., Pedmo Tychy S.A., Polcommerce KFT, Biowet Drawel S.A., Przedsiębiorstwo Budownictwa Ogólnego S.A. in Wrocław, Radpol S.A. Człuchów and Arcus S.A.
